Attention is invited to G.O. No 12317-8-136 dated 5 Feb 1891 under which the cost of burial of patients who may die penniless in St Marthas Hospital is being defrayed by the Mysore Govt.

That penniless patients should be the residents of the Mysore State is not one of the conditions of the grant. Moreover the grant is intended more as financial assistance to the institution than for the burial of penniless patients only.

May the Senior Surgeon be informed that the bills may be passed irrespective of the places to which the patients belong?

Is this instruction to be followed in future?

Med 138-28-1

Sir,

In inviting reference to correspondence ending with your letter No. L. 7994, dated 4th April 1924, in the matter of paying the burial charges of pauper patients dying in the St. Marthas Hospital, I have the honour to state, that I have no objection for the payment of burial charges of the Hospital, but from the bills received from the Hospital it is observed that claims on behalf of pauper patients not belonging to either Bangalore City or Mysore State are oftentimes included. I request instructions as to whether such claims could be admitted. As an instance, I may quote here that in the ~~two~~ bills received during September and November 1928 aggregating to Rs. 20/-, I find that out of 4 patients deceased two had come from outside the State viz., one from Civil and Military Station and the other from Mercara.

I have the honour to be,

Sir,

Your most obedient servant

B Mahomed

Senior Surgeon M.G.
